Three times inspections

Vitalucks

青岛万德瑞克贸易有限公司
Qingdao Vitalucks Trade Co., Ltd

first inspection: after assemble the box, our QC will inspect the goods, double check and confirm each size, then move to next step

second inspection: after painting or logo added, we'll inspect if the logo is correct or if the painting is good enough, if there's any defectives, we'll pick out, then move to packing part

third inspection: it happens before shipping, to guarantee that the cargo is ok to ship, this is the last inspection

These three times inspections can decreased the defectives largely, also give our clients promise that order from us, like they order from their own factory
